Middle East Composites &  
Advanced Materials Expo

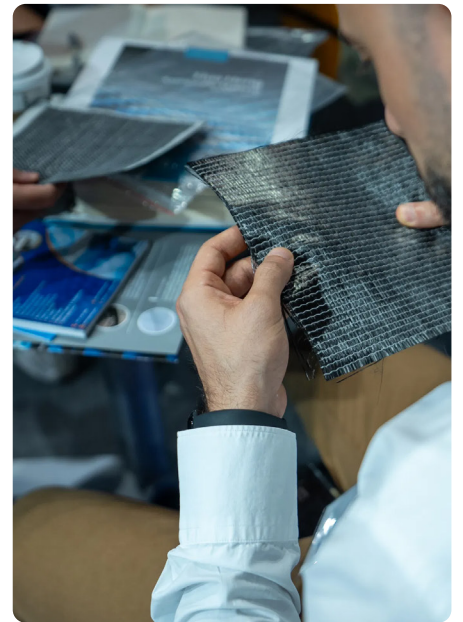

# DRIVING BUSINESS GROWTH IN ADVANCED MATERIALS

The 3rd Middle East Composites and Advanced Materials (MECAM) Expo 2025, held in collaboration with Ministry of Energy & Infrastructure - UAE from 15-17 September at DWTC, established itself as the MEA region's leading business platform for composites and advanced materials. Over three days, 50+ international exhibitors showcased cutting-edge solutions, machinery, and technologies, driving high-value business interactions and partnerships.

The MECAM Conference complemented the exhibition with 35 global experts leading sessions covering sustainability, AI-driven R&D, smart composites, and applications across aerospace, automotive, construction, and marine industries. Participants gained actionable insights, market intelligence, and opportunities to explore emerging sectors and new technologies.

# CONFERENCE HIGHLIGHTS 2025

The MECAM Expo 2025 Conference, under the theme “Harnessing Innovation for Sustainable, Cutting-Edge Materials”, brought together global leaders, innovators, and experts in composites and advanced materials for three days of knowledge exchange and strategic insights. Keynotes, fireside chats, and case studies addressed topics such as AI-driven R&D, bio-based composites, circular economy models, structural adhesives, and green manufacturing, emphasizing the practical adoption of innovation to drive efficiency, resilience, and sustainability.

The event also facilitated actionable business insights and collaborations, with panel discussions and presentations showcasing real-world applications and strategies for commercializing research. Attendees explored the impact of materials innovation on infrastructure, defense, and industrial processes, while interactive sessions and expert dialogues provided a platform to understand emerging trends, optimize operations, and unlock new growth opportunities across the MEA advanced materials market.

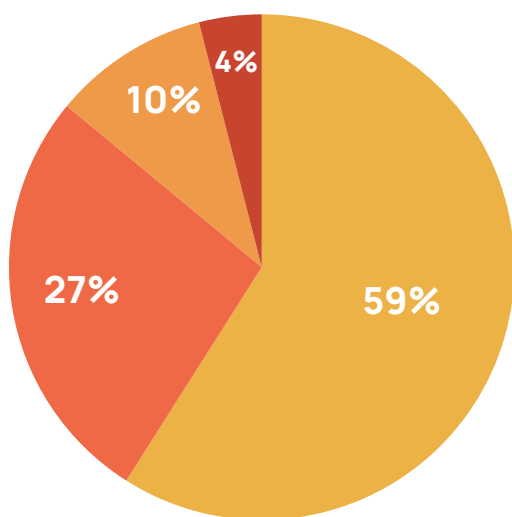

## EXHIBITOR PROFILE

Manufacturers, Producers, & Distributors of:

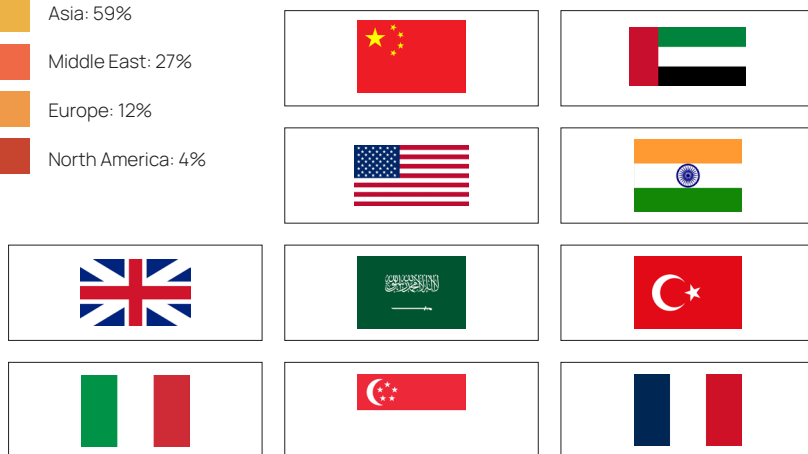

- Raw Materials
- Fiber
- Resins
- Additives
- Testing Equipment
- Drum winder
- Aviation Components
- Construction Materials
- FRP Products

## KEY PARTICIPATING REGIONS

- Asia: 59%
- Middle East: 27%
- Europe: 12%
- North America: 4%

## KEY EXHIBITING BRANDS

## EXHIBITOR TESTIMONIALS

"We at Modest Marketing LLC would like to extend our sincere gratitude to MECAM for providing us with such a valuable platform to showcase our products and capabilities. As a 30-year-old company specializing in the import, stocking, and distribution of composite raw materials in the UAE, MECAM has consistently offered us the right exposure and opportunities to connect with the right audience. This marks our third consecutive year of participation, and we deeply appreciate the continued support and professionalism of the MECAM team. We look forward to growing together with MECAM and participating in many more successful editions in the future."

**Manoj Raipancholia**

Managing Director of Modest Marketing LLC

"As a leading supplier of fiberglass raw materials—including resins, gel coats, and ancillaries—we at Al Khowahir Chemicals have found the exhibition to be an excellent platform for connecting with both customers and suppliers. This year's edition has been equally rewarding, providing great exposure and meaningful business opportunities. We look forward to continuing our participation in future editions."

**Leejo Philip**

Managing Director, Al Khowahir Chemicals

"Premier Composite Technologies, established in Dubai in 2006, has grown into a leading player in the composites industry with over 4,000 employees and a diverse global project portfolio, including the Holy Mosque expansion in Mecca. This exhibition has been an excellent platform for us to connect with manufacturers, suppliers, and clients, helping us strengthen our network and expand our reach in the Middle East and beyond."

**Gabriele "Gabi" Böhm**

Principal Architect, Premier Composite Technologies (PCT)

We've been part of MECAM for three consecutive years, and it has truly become the hub for composites and advanced materials. The exhibition not only connects us with clients and industry leaders but also emphasizes sustainability, biodegradability, and recycled solutions—key directions for the future. We thank MECAM for giving us this platform to engage and grow.

**Ghassan Yunus**

Regional Manager, MTM Group

## VISITOR TESTIMONIALS

"I am surprised to see so many providers contributing to the aerospace composites business. The focus on sustainability and circular economy is good to see. It's been an enriching experience. Events like these are most critical."

**Adrian Alfonso Negre Miro**

Executive Advisor to the UAE Military Airworthiness Authority,  
UAE Ministry of Defence

"We networked with the correct people in the correct market. MECAM Expo allows different participants together to network with players at every stage of the value chain."

**Dr. Hadeel A. Alkhatib**

Client Account Director, Jacobs

"I'm only disappointed I came to the 3rd edition and not the first two. Well done to the organisers - there is definitely a lot of potential. Events like this are important because we don't have a committee that puts all players together. This is a wonderful platform to bring everyone on the table."

**Omar Albusaidy**

President - UAE & Oman, Future Pipe Industries

"We had a great experience at the MECAM Expo. It's fantastic to have raw material producers and suppliers gathered under one roof. The event also offered a wonderful opportunity to reconnect with colleagues and friends from the composites sector."

**Onur Ecerdir**

Head of Unit - Composite Manufacture, ROKETSAN

What a week at MECAM Expo in Dubai!

We've wrapped up an incredible few days at Dubai World Trade Centre, showcasing our innovation in advanced composites, connecting with amazing people, and celebrating everything that makes Premier Composite Technologies stand out.

Swipe through some of the highlights from our beautiful booth – from sleek aesthetics in rail to innovative architectural and building solutions, all reflecting our commitment to advanced composite technologies.

A heartfelt thank you to all our partners and visitors who stopped by. Your curiosity, feedback, and enthusiasm made this experience truly special.

Successful Participation at [Middle East Composites & Advanced Materials Expo](#) (MECAM Expo 2025)

We are proud to share that Crest Resins successfully participated in MECAM Expo as a Resin Partner. The event was an incredible opportunity to showcase our innovative resin solutions and connect with leading businesses across industries.

A heartfelt thank you to all the visitors, partners, and companies who joined us at our booth and engaged with our team. Your trust and interest in our solutions inspire us to keep innovating and delivering the best.

This is just the beginning—many more collaborations and opportunities lie ahead, and we are excited to build stronger partnerships in the future.

Last week Pai Boat Composites took part in the MECAM exhibition in Dubai: a great opportunity to explore new horizons and gain a closer insight into the market in this part of the world.

A heartfelt thank you to our partner [LOGI Composites & Chemical Trading LLC](#), distributor of our products in Dubai, for sharing this international growth journey with us.

It was a real pleasure to meet professionals and enthusiasts from the industry, and we look forward to building on the relationships and projects that started at the fair!

"An inspiring experience at the Dubai MECAM Expo 2025! Our team at Kanhav Industries had the privilege to showcase our advanced composite solutions alongside global pioneers at the Dubai World Trade Centre.

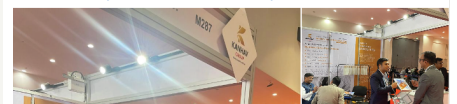

Highlights included: Product showcases, interactive demonstrations, and invaluable networking. Discovering innovative solutions across construction, automotive, and energy sectors.

A special thank you to the remarkable MECAM Expo organizing team—Media Fusion, Crain Communications, and all event partners—for their dedication and flawless execution. The event brought together manufacturers, suppliers, buyers, and innovators from the Middle East and Africa, making it truly the region's largest and most influential composites platform.

Swipe through these photographs for our favorite moments—team photos, booth highlights, and glimpses of the vibrant exhibition atmosphere.

Looking forward to next year's edition and more opportunities to connect, collaborate, and innovate together!
